## Question 1

2024 Set 2 ■ Q1

“The republican ideal of virtue was based on a notion of fraternity between men in which women were relegated to the realm of domesticity. Public virtue required virility, which required in turn the violent rejection of aristocratic degeneracy and any intrusion of the feminine into the public. . . . Through their rejection of [Marie Antoinette] and what she stood for, Republican men could reinforce their bonds to one another. . . . [Marie Antoinette] was perhaps also an object lesson for other women who might wish to exercise through popular sovereignty the kind of rule that the Queen had exercised through Royal prerogative. The Republican brothers who had overthrown the King and taken upon themselves his mantle did not want their sisters to follow their lead.” Lynn Hunt, American historian, article published in 1991
