

A starting allocation over 30 teaching weeks, weighted by each topic’s number of subtopics — adjust to your own calendar. The last column lists the Library material that already covers the topic. ,;

Weeks	Topic	Subtopics	Library material
1–15	1. Mechanics and Materials	1.1, 1.2, 1.3, 1.4, 1.5, 1.6, 1.7, 1.8	—
16–18	2. Waves and Electricity	—	—
19–21	3. Practical Skills in Physics I	—	—
22–24	4. Further Mechanics, Fields and Particles	—	—
25–27	5. Thermodynamics, Radiation, Oscillations and Cosmology	—	—
28–30	6. Practical Skills in Physics II	—	—
