

4.1 HL realized collaboration: supported rehearsal

Name: _____ Class: _____ Date: _____

Total: 6 marks

Objective

Supported preparation: Plan and realize a collaborative musical project; Document proposal, process, evaluation and realized outcome in multimedia. This is original rehearsal, not completion of the assessed task.

1 Key knowledge and worked examples

A real project connects proposal, roles, creating, performing, process and evaluation. Choose a feasible setting and collect dated individual evidence; a calendar or imagined concert does not establish realization.

Original source / task evidence

Task: two collaborators disagree about whether the sustained part should continue through silence in the melody. Plan and evaluate a trial.

Separate what is stated from the interpretation.
HL realized collaboration

Task: two collaborators disagree about whether the sustained part should continue through silence in the melody. Plan and evaluate a trial.

Record both approved versions, compare the continuity/tension against the shared intention and agree a choice with reasons. Keep each person's musical contribution and the final outcome.

2 Practice

2.1 For the worked case, identify the evidence and a conclusion it can support. Explain one material limit. [3]

3 Exam-style questions

3.1 A multimedia project account shows a changed decision. How can it preserve authentic contribution? Give a reasoned answer, evidence or method, and a relevant qualification. [3]

Solutions

2.1 Record both approved versions, compare the continuity/tension against the shared intention and agree a choice with reasons. Keep each person's musical contribution and the final outcome. Authored points for identifying relevant evidence, explaining a supported inference and a material limit.

3.1 Connect the dated proposal, actual trial, feedback, individual musical decision and realized outcome. Credit collaborators and sources. Explain uncertainty and revision without rewriting the plan as if the final result had been guaranteed from the beginning. Authored points for a relevant judgement, reason tied to the case and justified qualification or method. Accept a supported alternative.
