

## 2 Plant and animal cells – Part 1 — Answers

---

### Answers

---

Work through these after trying the questions yourself.

**2.1** Any three of: cell membrane, cytoplasm, nucleus, mitochondria, ribosomes.

**2.2** Cell wall, large vacuole, chloroplasts.

**2.3** It controls which substances enter and leave the cell.

**2.4** In the mitochondria.

**2.5** Cellulose.

**2.6** It is a **plant** cell. The cell wall and chloroplasts are found only in plant cells (an animal cell has neither).
